The Madison Park collection draws its name -and inspiration- from a classic Seattle neighborhood on the shores of Lake Washington. The hand-pressed pieces reflect the timeless style of the architecture, while the color palette exudes the subtle elegance found in its design. To see more glaze options- please view our website [www.statusceramics.com](http://www.statusceramics.com)

All sizes listed are nominal. Color variation should be expected in all handcrafted ceramic tiles. Please view actual sample for color selection. Clear Glazes are not scratch resistant and may craze over time. Crackle Glazes must be sealed. Neither the Clear nor the Crackle Glaze is recommended for use on floors. We encourage installers to lay out the field tile in order to blend whatever variation may occur.

The Madison Park Concepts emphasize our collection of decorative pieces. It takes the touch of an artist to achieve the depth of glaze on the finely detailed surfaces of the Filigree, Mondial, Baroque, Medallion and Hinge Decos— which is why we glaze each piece by hand. Contact us for more information on Madison Park Concept Boards for display.
